Summer Program

1946

MAY 27 1946
SAN FRANCISCO
PUBLIC LIBRARY

To the Citizens of San Francisco

This booklet outlines the District and Activity Programs of the San Francisco Recreation Department for the Summer 1946. Copies of the booklet are sent to all schools and Parent Teacher Association groups, to libraries, to all private agencies and public playgrounds in San Francisco. The Recreation Commission, therefore, feels reasonably certain that all San Franciscans interested in in-town recreation for the summer will have had the opportunity to have explored recreation possibilities for the vacation period.

This booklet does not contain the individual programs of each play area, but rather presents a special activities calendar for the various districts in San Francisco. Anyone interested in daily Summer Programs on Municipal Playgrounds may obtain a copy of the same by paying a visit to the play area nearest his home.

The Recreation Commission extends an invitation to all citizens to avail themselves of the municipal facilities and programs offered during the summer period in order that they may experience the fullest enjoyment of their leisure time.

Summer Program

1947

To The Citizens of San Francisco

Each summer our city, because of her world-wide reputation as an ideal vacation spot, attracts and welcomes thousands of pleasure-seeking visitors.

Sometimes, those of us at home overlook the recreation attractions and opportunities that the city affords, and which the visitor admires.

The purpose of this booklet is to acquaint San Franciscans with the in-town recreation possibilities for the vacation period. It outlines the District and Activity Programs of the San Francisco Recreation Department for the Summer 1947. Copies are sent to all schools and P. T. A. groups, libraries, all private agencies and public playgrounds in San Francisco.

This booklet does not contain the individnal programs of each play area, but rather presents a special activities calendar for the various districts in San Francisco. Anyone interested in daily Summer Programs on Municipal Playgrounds may obtain a copy of the same by paying a visit to the play area nearest his home.

The Recreation Commission extends an invitation to all citizens to avail themselves of the municipal facilities and programs offered during the summer period in order that they may experience the fullest enjoyment of their leisure time.

San Francisco Recreation and Park Department

At Lake Merced during the summer vacation months 10 boats are set aside for the exclusive and free use of children. An adult accompanies each boat group.

To The Citizens of San Francisco

RENOWN AS AN IDEAL VACATION SPOT OUR CITY, SAN FRANCISCO, attracts and welcomes thousands of pleasure seeking visitors each year during the summer months. Quite naturally those of us at home sometimes overlook the recreation attractions and opportunities so often admired by the visitor or tourist.

This booklet will acquaint San Franciscans and their families with the in-town recreation possibilities during vacation. It outlines the District and activity programs of the San Francisco Recreation and Park Department for the summer 1954. Copies are sent to all schools and P.T.A. groups, libraries, all private agencies and public playgrounds in San Francisco.

This booklet does not contain the individual programs of each play area, but rather presents a special activities calendar for the various districts in San Francisco. Anyone interested in daily summer programs on Municipal Playgrounds may obtain a copy of the same by paying a visit to the playground or recreation center nearest his home.

The Recreation and Park Commission extends an invitation to all citizens to use the municipal facilities and programs offered during the summer. They are provided so you may experience the fullest enjoyment of your leisure time.
